AHS College Night Tuesday For Students And Parents

Mr. David Skolnick, Guidance Director at Agawam High School, announces a "College Night For Parents and High School Students" will take place on Tuesday evening, the 27th, at 7:30 in the Agawam High School Auditorium.

"College Night" is designed for interested parents and students who desire to learn more about college admission policies and practices, college board scores, proper courses of study needed to get into colleges, scholarship and other pertinent information to get into the college of their choice.

The program will begin with "Greetings" from Mr. Paul Tatro, Agawam High School principal; Mr. Skolnick, will introduce the counseling staff at the high school and the feature speaker of the evening, Mr. James Trace, Director of Admissions at Holyoke Community College. His topic will be on "College Admission Practices — As It Pertains to All Types of Colleges and Universities." A question and answer period will follow his speech.

All interested parents of high school students are cordially invited to attend this program.

Juliano For Selectman Committee Announced

Republican candidate for the office of Selectman, John J. Juliano today announced that Mr. Paul Adams, Jr., is his campaign chairman and the follow-

ing people comprise his committee. Mr. Laurance Andrews is financial secretary; Mrs. Ronald Wortelboer, precinct coordinator; and public relations is being handled by Mrs. Donald B. George, Jr.

Mr. Juliano has been encouraged by the number of responsible adults who have urged him to pursue his candidacy for Selectman. The thirty-five year old father of four children believes effective leadership in the Town Hall can come about only by a person sensitive to the needs of town employees as well as our taxpaying citizens. Complete town services which serve without irritation should be the aim of that leadership.

John has pursued his B.S. and M.B.A. degrees at night for the last ten years while maintaining his home and advancing in his business. The same energy and time he will now expend in making government truly serve all the people of Agawam should he be elected.

Connelly Claims Constituents Of 9th Hampden District Are Uninformed

Agawam Selectman Edward W. Connelly, candidate for State Representative in the Ninth Hampden District serving Agawam and West Springfield, Precinct 8, stressed the need for complete understanding between a Representative and his constituency.

He said, "The lack of communication which has existed in this District between the Legislature and the People becomes more evident day by day. Are you aware that your present Representative participated in Legislature passed and which will require raising 200 million dollars to implement that Legislature? How will the money be raised? Will the

home owner continue to fill the void between election year 'politicizing' and intelligent legislation? Did your present Legislator recognize the potential whip-lash effect to his District and stand up and take a clear loud position to protect his District? Have you even had an opportunity to sit down and learn what was happening at scheduled 'office hours'? Was a bulletin keeping you posted on State House happenings ever mailed to you?

"Your answers must surely be all in the negative because if you are in the Ninth Hampden District you are a member of an uninformed electorate simply

Senator Hammond Says State Needs Industrial Development

State Senator George D. Hammond of Westfield said today Massachusetts — through its communities and the state government — must give "far greater emphasis on industrial

development in the years ahead than it has during the past."

"It is very apparent," Senator Hammond said, "that we are not gaining in industrial jobs and payrolls in Massachusetts, even though we have so very much to offer in the way of people, resources and environment."

"I know there are many city and town officials who frown

Peirce PTA To Open Oct. 28 With 'Back To School' Night

The first meeting of the Fao-lin Peirce Parent Teacher Association to be held on Oct. 28th at 7:45 p.m. will feature a "Back to School" program whereby the parents will learn about the educational program to be pursued during the forthcoming school year. They will be well-informed on textbooks, audio-visual aids, methods, and overall aims of the school's philosophy and curriculum. Parents will have an opportunity to question what takes place in a classroom and to ask for suggestions as to how they can help their children prepare for a better school year. This

program is aimed at establishing a better rapport between the school and the home as both are primarily interested in the most important school product, the child.

Preceding this program, Mrs. Frank Labun, president, will open the season's first business meeting where she will present her officers, committee chairmen, and plans for the ensuing year.

Mrs. Barbara Skolnick, principal of Peirce School, will present the staff of Peirce School as well as the special-area teachers. The

Walter A. Balboni Seeks Re-Election To School Committee

Walter A. Balboni, six year member of the Agawam School Committee announced his intention of seeking re-election for a third term to the committee in the coming town election in November.

Balboni bases his request for support on his many years of experience in government and business, stating that a school committeeman with a background of experience, has over the years proven efficient and beneficial to the school board.

Having served a five year term on the housing authority, six years on the personnel board, fifteen years as a town meeting

member, eighteen years as member of the auxiliary police, and presently a member of the New

Rep. Kerr Against House Cut And Loss Of Local Representation

Walter T. Kerr, State Representative from the 9th Hampden District, issued a rebuttal message against an article appearing in last week's issue of the Independent, made by his opponent in the race for the position in the House of Representatives.

Kerr, a former four term selectman for the Town of Agawam, took exception to the Republican candidate's remarks claiming that Kerr "disenfranchised" the voters of the district when he voted against the House cut bill during the last session.

"I voted against the House cut because it would have reduced

the house membership by one third. Under normal circumstances

needs."
 Mrs. Snyder pointed to a varied background in service to youth and education as a basic qualification for the position.

In announcing her candidacy Mrs. Snyder stated, "I am seeking a seat on the School Board because I feel that a woman's voice and reasoning is necessary in decisions involving the children of our town. We are also in need of the woman's viewpoint on establishing the priorities of the fiscal spending of a department, which governs approximately 67% more women than men, in this time of increase cost of living and high taxes.

"It is as a concerned citizen and mother deeply committed to youth and education, that I ask for your support to be able to serve on the Agawam School Committee."

A life time resident of North Agawam, Mrs. Snyder, the former Venetta Montagna, is a graduate of Agawam High School.

She has served as past officers in the Danahy School PTA and the Agawam Council of PTA. At the present time she is a member of the New School Building Committee, serving as vice-chairman. Mrs. Snyder has worked for both the Boy and Girl Scouts and presently is serving as a member of the Board of Directors of the Pioneer Valley Girl Scouts and is Association Chairman of West Springfield and Agawam Girl Scouts.

Now We Understand

On Oct. 3, 1970, an unusual storm with tornado ferocity struck through a strip of the Southerly section of our town. Most of you have been alerted to the severe damage it inflicted on some homes and the partial and/or complete destruction of many trees. Coverage of the effects was carried by both radio and television. What, in my opinion, was not accurately reported was the action by your town administration. From one television station, you might have heard that no town official appeared to offer administrative aid. I want to report that such was not the case.

As soon as I was alerted to the extent and severity of the storm, I, personally visited each street affected so that I might become acquainted with the problems. One of the first officials whom I contacted was Elmer Cascio, our tree warden. He advised me that all was under control and that no assistance outside of our town forces was needed at that time. He, also said that it would be in order to defer action in some cases until insurance adjusters could appraise the damage. Our fire department and DPW crews were on the scene and proceeding as well as could be expected. My two Selectmen colleagues, out of town at the time of the storm, personally, visited the site on the following day, Sunday.

On Monday, Paul Fieldstad and DPW Superintendent Campbell gave the Board a rather complete account of the damage. At that time, the Board sent a night letter to Governor Sargent asking for financial assistance to aid those particularly who were not covered by insurance. The Board also directed Mr. Campbell to remove, at no charge, all debris placed on the tree belt and to offer to procure any necessary machine equipment to alleviate any remaining hazards such as uprooted trees, or other, jeopardizing the safety of any building or inhabitant. At that time, the board did not give wholesale permission to the DPW to enter private property to remove trees. Such action, we believed, would have to be covered by legal waivers.

For some homeowners, it seemed necessary to remove fallen trees at once. If such was the case, and financial aid was to be forthcoming from the state, and no insurance was applicable, it seems only justified that some, or the entire expense, would be refunded.

We can only weight carefully what the financial assistance, if any, can be granted in each case. We fully realize the extent of financial hardship which must be borne by a family living on retirement income or by a family incapacitated by one means or other. We can also believe that in a time of tragedy you as townspeople would want us to offer assistance to those intensely troubled. This we plan to do.

We would like to extend thanks and congratulations to

the Police-Fire-DPW-Tree Warden-Western Mass. Electric Co., New England Telephone and all other agencies who performed so effectively. A special tribute to the VFW for their excellent canteen service.

You have recently been alerted to the resignation of Safety Officer Harold Burnett as the leader of our Safety Program and his continuance as a regular member of our Police Dept. It is my opinion that this, an unfortunate circumstance and should entitle you to some explanation. Let me fully assure you that the services of Officer Burnett were especially effective. He has received much commendation on a state and local level. Programs instituted under his direction had the highest value and many will be continued indefinitely. Only last year, he helped to bring to Agawam a "first prize" in a State Safety Contest.

What we want you to understand is that Officer Burnett's resignation was offered on his own volition and without any pressure. I, personally publicly want to congratulate Harold Burnett for his contributions to the Agawam Safety Program.

George L. Reynolds, Selectman

stances this might have been a fair move had it not been for the fact that the majority of the cut would effect the membership of the Western part of the state and leave the Eastern end with the top heavy vote. It would have reduced Agawam's representation. This did not make any sense to me and would have been a definite step backwards. Another factor, not so quite well known, continued Kerr, "was that a person did not have to be a resident of his district or establish residence in order to be eligible to run for the position in the House."

Kerr further emphasized that those who favored the bill — in particular the League of Women's Voters and Governor Sargent, only did so to create a smoke screen in order to hide

lost in tax revenues in such situations are vastly more than offset by the favorable impact on the local and state economy when a new industry receives the encouragement that prompts it to come to our state."

Senator Hammond said that Massachusetts, which is made up largely of suburban communities, has an excellent opportunity to capitalize on a trend that seems to be growing nationally.

"Industries located in big population centers are beginning to move into open, suburban areas," he said. "Their people are delighted to get away from twice a day traffic jams, air pollution, and such things."

"I believe that in some way, perhaps with the Commonwealth providing the leadership, we should capitalize on this trend. We all know that whatever slump the economy may now be in, that the economy of our nation will soon gain pick up its tempo. Our growing population and the great potential demand for homes and the thousands of consumer items will require this. Massachusetts should begin now to capitalize on every opportunity to attract and encourage industry."

I believe that my record in the administration of school policies, and my demonstration of responsibility and trust has been in the best interest of the Agawam Public School system and the young people of Agawam. There is much work to be done in the future, and I wish to continue my active service to the citizens of the Town as a member of the Agawam School Committee."

RE-ELECT THE MAN OF PROVEN ABILITY

GEORGE D. HAMMOND

YOUR STATE SENATOR

SPORTSMEN'S CORNER

By BILL CHIBA

A bout with a slight coronary, too much sugar and a couple of other ailments sure makes a difference when it comes to bow hunting. I never gave a thought in past seasons of the number of hills and dales and mountains I scooted in my mind. I saw a few deer, which were too far from me for a shot with the bow.

When you haven't your health, I can see where a person could very easily give up what he loves most to do, become dormant, just hang around and feel sorry for himself. On the other hand, you can think out the problem and alter your course so that you still can enjoy a limited life to the fullest and still do what you love best of all. This I have to do. My itinerary for bow hunting has to be changed to fit my physical condition. This is being done. If I'm successful this season, a good samaritan will be called upon to haul the deer out for me.

The weather opening weekend was too hot. Bees, deer flies and pesky mosquitoes were very bothersome. In fact at one time during the afternoon, I regretted not having insect repellent with me. It needs to get real cold. The bugs will disappear and the deer will change their summer habits so that a program can be worked out to intercept them during their feeding cycle. I hope this week-end coming up turns colder.

The duck season in Mass. is split this year. The first season started Oct. 17 and runs through Oct. 31...this also includes Goose, and Brant. The second season for Goose and Brant commences Nov. 16 through Jan. 9, and the duck season is from Nov. 22 to Dec. 26. You need a duck stamp that can be purchased at any Post Office, and your gun needs to be plugged so that no more than three shells can be fired. It is a good idea to carry your Firearm I.D. card with you while you have a gun in your possession, or a pistol permit if you have one.

Warden Dan L. Glidden of Maine reported a very interesting episode recently. He relates that while he was sitting in his truck waiting for a nuisance bear at a camp yard, he was startled to find the bear standing against the truck peering in the window at him. After learning his (Warden) identity, the bruin commenced to work his way around the truck leaving muddy prints on the windows. After this insult, he crawled onto the back of the pick up and sat on the utility box for about 10 minutes. The Lumbermen who had made the complaint, only had ten more days left to work in that area. The minion of the law fired three warning shots and the bear never returned.

HUNTERS ORANGE

The Division of Fisheries and Game reminds hunters that Mass. law states that "no person shall hunt during the pheasant or quail season on public shooting grounds or on Wildlife Management Areas where pheasants or quail are stocked, without wearing a "hunter-orange" cap or hat."

"Keep as busy as a beaver and you'll wind up with splinters in your teeth."

COACH'S CORNER... by Cliff Kibbe

Holyoke defeated Agawam in a vicious football game, 30-20. The final score did not indicate the closeness of the ball game because with only 20 seconds left on the clock, Holyoke led by 22-20 and Agawam had the ball on the Holyoke 40 yard line.

A pass interception by Ron Westbrook, a truly fine Holyoke football player led to the final score. Prior to this Gary, Safford, who completely outplayed Rohan the Holyoke quarterback, had completed eight passes including two touchdown passes to Lou Conte. Gary has improved with each ball game and Conte has become "Mr. Clutch" for Agawam.

Leading the attack for Agawam were offensive linemen Nick Longhi and Dave O'Malley. Defensive stalwarts included the two big tackles Dan Young and Dana Raymond. Agawam's best defensive back Saturday was Brad Hedges who made many fine jarring hits.

One of the big plays for Agawam was a goal line stand on the three yard line for five plays. Another had to be Tom Locke blocking a punt enabling Pete Shibley to recover in the Holyoke end zone for a touchdown. This loss was a bitter pill for the Agawam team to swallow, however we feel we are still on the way to a successful football season. This is a good football team and with Holyoke and Chicopee out of the

way, we certainly have the capability to win some ball games.

Saturday Agawam's football team came from behind to defeat Technical High School 26-16. Tech was undefeated going into the game 2-0 and the win made Agawam's record 2-2.

There were many outstanding plays in the game from our side, namely the outstanding defense of Dana Raymond, and Mark DeClemente. The interception and touchdown run of Peter Shibley. The punt return of Lou Conte and the overall running of Frank Santinello, Paul O'Brien and Mike Losito were all great efforts.

Steve Mason filling in for Tom Locke and playing in his first varsity game did a very creditable job. The offensive blocking of Don Young and Kevin Sullivan was outstanding. Players named as most outstanding this week were Dana Raymond, defensive lineman, Mark DeClemente defensive back, Don Young outstanding lineman and Mike Losito outstanding back. The game was costly as Mark DeClemente suffered a concussion which may terminate his high school football career.

The coaching staff was also quite pleased with the defensive efforts of Dave Quintal at line-backer.

Doctor: "Have you been living a normal life?"

Patient: "Yes, I have."

Doctor: "Well, you'll have to cut it out for awhile."

ATTENTION! ALL POLITICAL CANDIDATES

With the advent of another campaign, we find throughout the town many posters and signs advocating one candidate or another. This is fine as far as it goes. A candidate is entitled to "advertise" and all citizens have the privilege to display their loyalties.

It is not this simple, however. Signs placed on lawns, in fields or the like are acceptable. But as one drives around the town, one notes that some candidates are not satisfied with positioning their signs thusly. Rather, they attach their signs to trees and telephone poles. According to the Shade Tree Act, this action is ILLEGAL. Nails in trees open the doorway to parasitic and saprophytic fungal invasion and marks the beginning of the end for the tree. Any sign attached to a telephone pole or tree on public property is subject to removal.

So please cooperate—every candidate has the opportunity to post signs. Spare yourself time and embarrassment and stay within bounds. Save what beauty the town still has by being considerate. Thank you.

Sincerely,

JEFFERY G. REYNOLDS
